

CURRICULUM VITAE

A/Prof. Dr. MD Drago Dolinar

Education:

Dr. MD (2004) in Orthopaedics, Medicine, University of Ljubljana

PhD Title: *Predictive Value of the Hip Joint Pressure in the Surgical Treatment of the Aseptic Necrosis of Femoral Head*

MS. Sci (1998) in Orthopaedics, Medicine, University of Ljubljana

MS title: *The Aseptic Necrosis of the Femoral Head in Adults*

Assistant Professor (2009, 2015) Habilitated for Orthopaedics at the Medicine Faculty, University of Ljubljana

Scientific collaborator, Orthopaedic specialist, since 1998

Employments

Orthopaedic Clinic of University Medical Centre, Ljubljana (100%), since 1994

Medicine Faculty, University of Ljubljana (20%)

A/Prof. Dr. MD Drago Dolinar's clinical specialty is the orthopaedic treatment of adults with the emphasis on surgical treatment of the wear of big joints. He specialized in the most demanding cases of hip and knee joints pathology (difficult primary and revision surgery, infected joint replacement surgery).

He had been educated in some renowned orthopaedic centres in Switzerland, Germany, Austria, Canada and England.

International training

1998 a one-month professional training program in Canada within the "Anica Bitenc Travelling Fellowship" program which was organised under the patronage of the Canadian Orthopaedic Association

Sabatical

2002 - two-month professional training program University Hospital of Basel, Switzerland, at the group of distinguished orthopaedist, Prof. Ochsner

2006 - two-week professional training at Endoclinic in Hamburg

Successfully accomplished national projects (ARRS)

L7-4274 Laser triangulation in medicine (LASTRIM) 1.7.2011—30.6.2014

J3-9219 Mediated interactions between membranous structures 1.1.2007—31.12.2009

J3-6198 Biomechanical analysis of hip orthopaedics 1.7.2004—30.6.2007

J3-3237 Clinical biomechanics of the hip 1.7.2001—30.6.2004

L3-0296 Rationalization of diagnostic procedures in aseptic hip necrosis 1.7.1998—30.6.2000

P2-0232 Functions and technologies of complex systems 1.1.2004—31.12.2008

Supervisor for accomplished doctoral dissertations

RIJAVEC, Boris. *Vpliv velikosti glavice na biomehanski status bolnikov z vgrajeno endoprotezo kolka: doktorska disertacija*. [Ljubljana: B. Rijavec, 2014]. 78 f., ilustr. [COBISS.SI-ID [276338688](#)]

Co -Supervisor for diploma thesis

Hodnik Maxinne. *Biomaterials for hip and knee endoprotheses : diploma degree, Slovenj Gradec*: [M. Hodnik], 2016. 69 str., ilustr. [COBISS.SI-ID [1024066648](#)]

Memberships international unions and commissions:

Slovene Medical Association

Slovene Orthopaedic Association

Member of European Hip Society

Member of European Bone and Joint Infection Society

Bibliography web of science and COBISS/SICCRIS, ISI web of science
